The Grantsburg Area Chamber of Commerce was formed for the purpose of advancing the commercial, industrial, educational, civic organizations and to promote tourism within our surrounding community.

Featured Chamber Member

Burnett Plumbing

Burnett Plumbing is proud to be serving Burnett & Polk Counties and will celebrate their 9th anniversary this April.

They offer a wide variety of plumbing services for residential, commercial, and industrial environments. As an authorized dealer of Water Right products, they can provide great-tasting water for your home or your business.

As seen in the Sentinel, Burnett Plumbing offers several ways to avoid major problems and save money this winter. Here are the first three; please visit their website to learn more tips and tricks: www.burnettplumbing.com

#1 Always turn off your water pump (or close main shut-off valve if you have city water) when you leave the house for more than one day.

#2 Always make sure you have an adequate supply of heating fuel during the winter months.

#3 Always make sure your heating system is in good working order.
